

LP PEDIATRIE

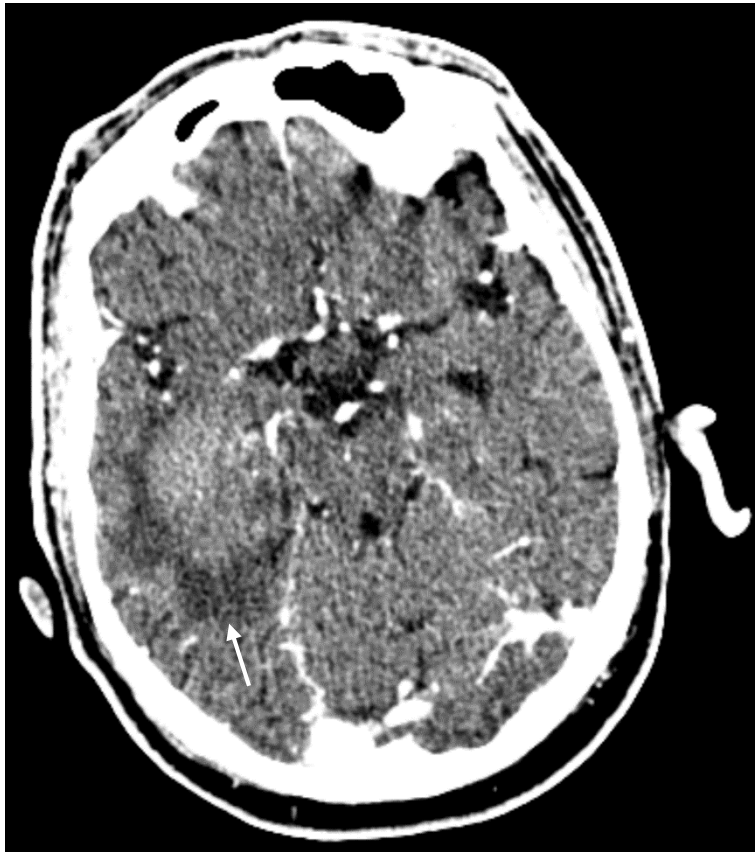

Hidrocefalie (aspect CT si RM)

Aspect CT fereastra osoasa, pacient politraumatizat, fractura cu deplasare ce intereseaza osul frontal stang si ambele sinusuri frontale, hemosinus frontal bilateral

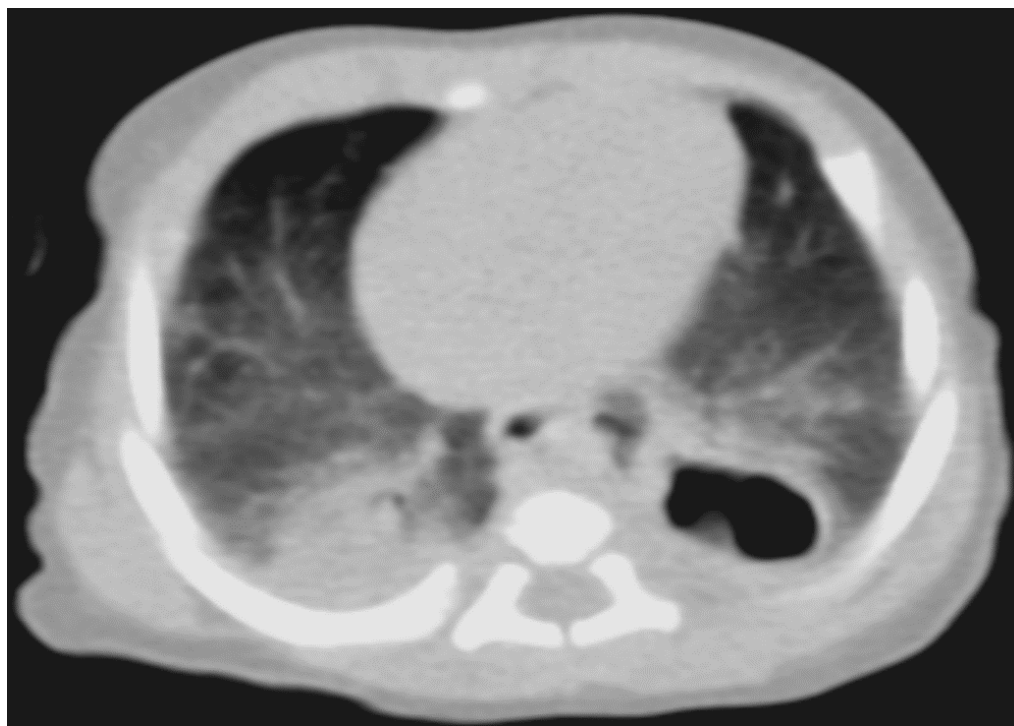

Aspect CT de edem cerebral vasogenic (1) si edem cerebral citotoxic (2)

CT, fereastra osoasa, spina bifida

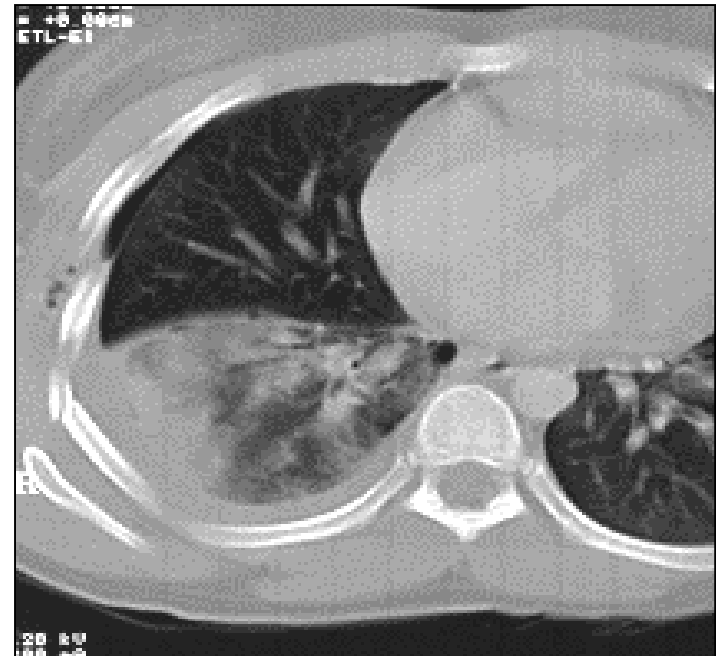

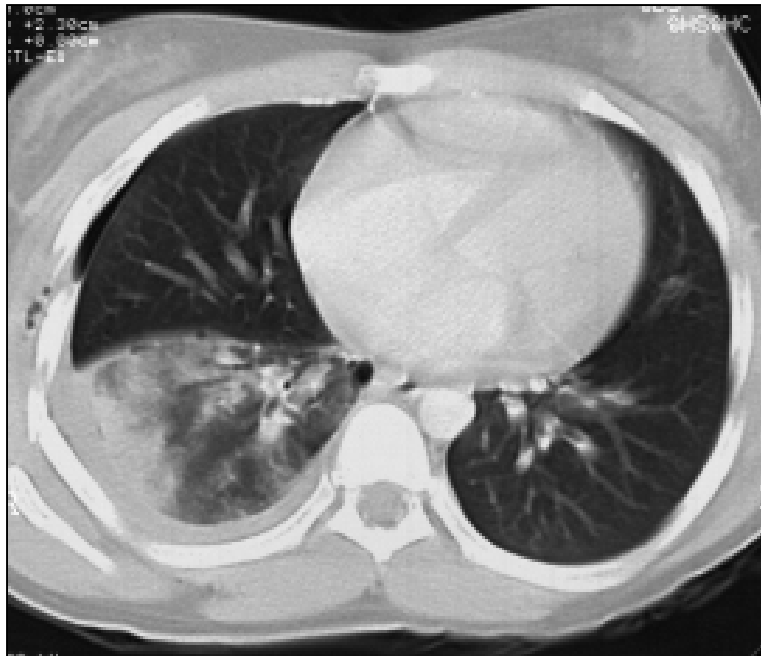

Aspect CT, fereastra pulmonara, pneumonie bilaterala cu evolutie catre abces de partea stanga

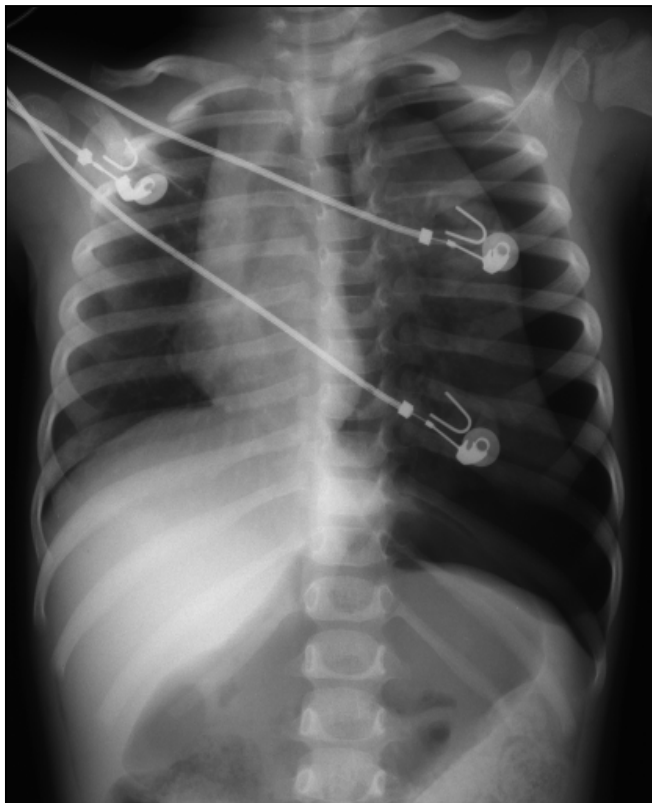

Aspect CT, fereastră pulmonară de abces pulmonar stang

**Aspect CT de fereastră pulmonară, pacient politraumatizat, fracturi costale +
contuzie pulmonară + fluid pleural drept**

Pneumotorax, aspect RX + CT

Aspect RX, nivele hidro-aerice, ocluzie intestinala

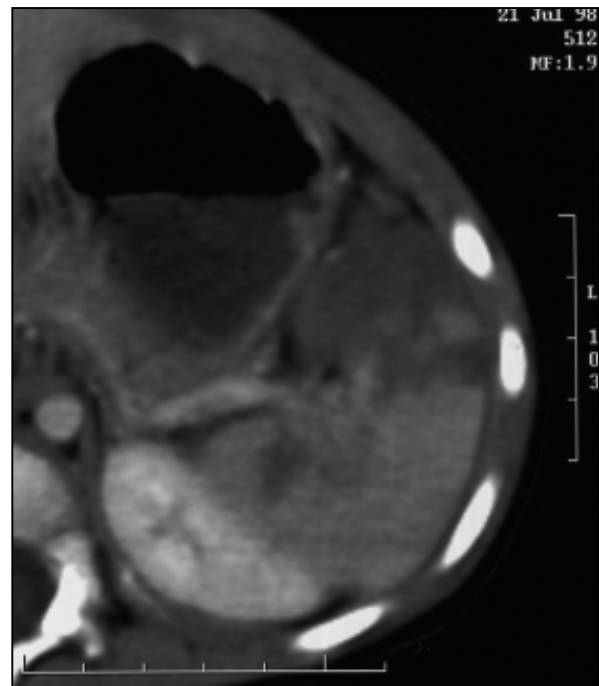

Aspect CT postcontrast intravenos de apendicita, dilatarea apendicelui cecal

Aspect CT postcontrast intravenos, tumora Wilms stanga

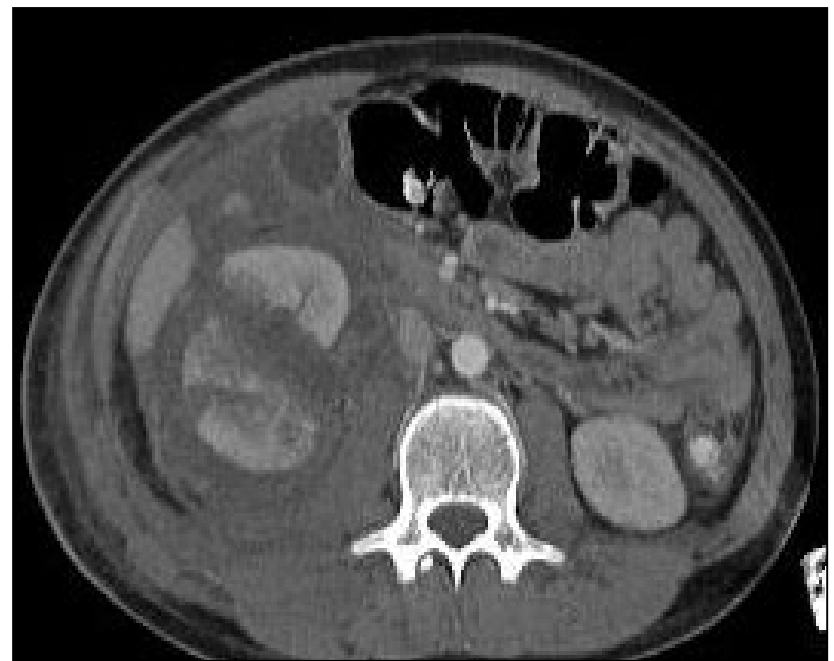

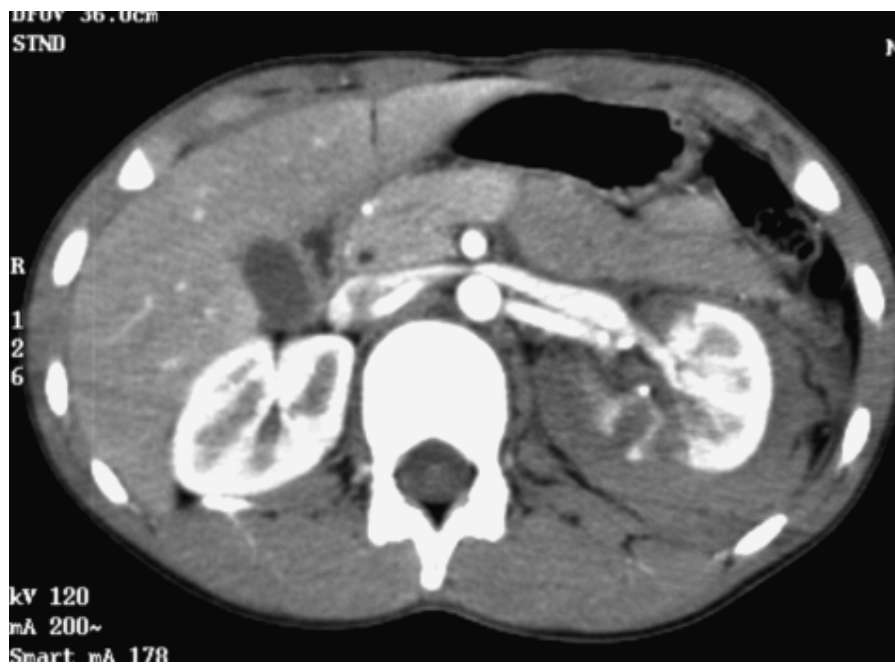

Aspect CT postcontrast intravenos, aspect de dilacerare splenica

Aspect CT postcontrast intravenos, traumatism cu avulsia pediculului renal drept + lipsa secretiei renale de partea dreapta

Aspect CT postcontrast intravenos de dilacerare renala

Scolioza, aspect RX

RX bazin, articulatii coxo-femorale, luxatie congenitala de sold

Aspect RX de fractura Salter-Harris cu interesarea tibiei distale (1) si fibulei distale (2)

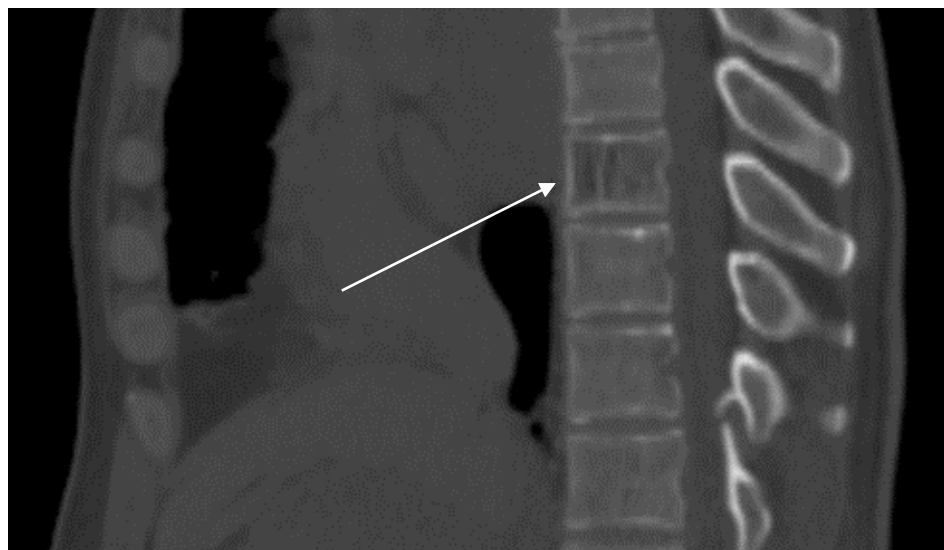

Aspect RX de fractura in lemn verde cu interesarea ambelor oase ale antebratului

**Aspect RX de rahitism, modificari scoliostotice ale femurului stang si oaselor gambei
bilateral + densitate redusa la nivelul acestora**

Aspect CT fereastră osoasa de hemangiom vertebral

Aspect RX copil, tumora osoasa benigna, fibrom neosifiant

Aspect RM copil, tumora osoasa benigna, fibrom neosifiant

T1

T2

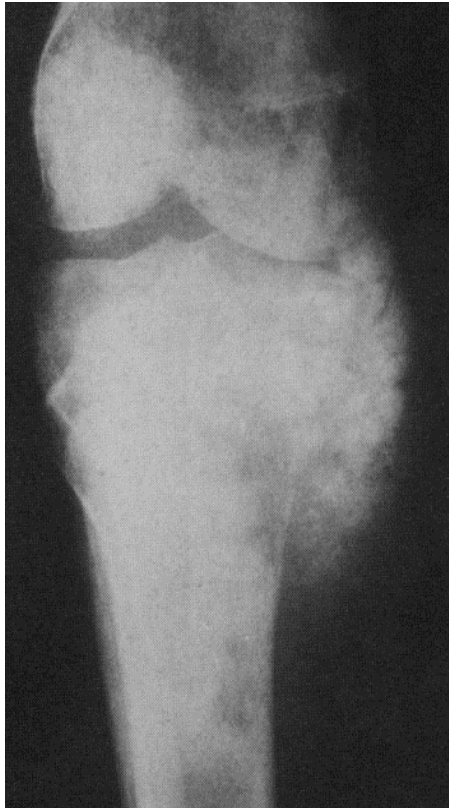

SPAIR

Aspect RX fata si profil de osteosacrom femural

Aspect RX de osteosacrom osteogenic (1) si osteolitic (2, 3)

Aspect CT si RM de osteosarcom dezvoltat la nivelul gambei
